Health Declaration Form - Equine Influenza

Name of horse: _____

Temperature

This horse's temperature was taken before it travelled to the competition. It's temperature was recorded as:

Declaration

This form is to certify that I, the Responsible Person for this horse, declare that the horse has not shown any clinical symptoms of Equine Influenza within the previous 14 days. I acknowledge that I need to present this form, together with the horse's passport, to the equine welfare staff on arrival at the racecourse.

The horse's passport will be checked to ensure that the horse has been vaccinated within the past 12 months. If the vaccination is outwith 12 months, and also, if I have not completed this form to the satisfaction of the equine welfare staff, then I accept that I will need to leave the racecourse immediately, and will not be able to take part in the event.

Responsible Person Name: _____

Signature: _____

NB. This form must be provided to the racecourse on arrival and **IN ADVANCE** of the animal being unloaded from its transport.
